PRICE OF PEANUTS NO LONGER JOKE

Increases One Hundred and Twenty-Five Percent

Poor Crop in Virginia Coupled With Shortage of Labor Cause the Present Rise.

SOME FIGURES ON SUBJECT.

Peanuts are advancing to an almost prohibitive price. For several months the price has been crawling up, and Mr. John Scott, of the Paducah Peanut company, gave reasons for the advance in the popular "goober peas."

Since November 1, the harvest time of last year's crop, the price has advanced 125 per cent, or to be more specific, the price has gone from 40 cents a bushel to \$1.36 a bushel. In considering this price only the best grade is included, but the other grades are affected to some extent. It is not to any corner that this rise is due, but last year at harvest time the excessive rains so interfered that acres and acres were lost, and the crop of the United States is estimated at 1,250,000 bags against 3,500,000 bags the preceding year. And then the crop is of an inferior quality, too.

Next to Petersburg and Suffolk, Virginia, Paducah ranks first and the change of price has been felt by the local cleaners. The price on the best grade is now 6 1/2 c. per pound against 3 1/2 c. at the same time last year, and Mr. Scott anticipates the price will soar to 10 1/2 c. a pound by July 15, thus establishing a new high point the last being in 1888, when the price went to 12 1/2 c. but a corner was the cause of this flight. Before the new crop comes in in November, Mr. Scott thinks he is safe in predicting the price will double again.

Paducah receives about 55 per cent of the produce from Tennessee, but last year this state had a full crop, it being Virginia where the greatest loss was felt.

Labor Conditions Help.

Labor conditions enter into the rise, too, as it is almost impossible in the producing belt to hire help and make any margin of profit for the grower. In Virginia a great number of men have been employed at excessive wages to construct the buildings for the exposition and the farmers have been in a pinch for laborers to plant this year's plant. Heretofore the peanuts have been picked from the vines by hand after being removed from the ground, which was an expensive way as well as a decidedly slow one. But a machine has been invented that removes the "goobers" with great rapidity. What success this machine will make is yet to be ascertained, but should it prove successful it will revolutionize the industry.

While in quality the United States product ranks first of all, in quantity it ranks after the states of the northern African coast, and 65 per cent of the peanuts used last year were imported from Japan, Turkey, Spain and Africa.

Estimates place \$40,000,000 as the sum spent by people of the United States annually for the commodity. Most of the product of the other countries is used in Germany and France, where oil is extracted and peanut flour is made, which comprises one of the chief rations of the German army. Still, the crop of this country will average an increase of 2 cents a pound over the imported stock.

Spanish peanuts are affected in the increase. Priced at 9 cents a pound now, it is almost a certainty they will go to 13 cents.

N. C. & ST. L. STATIONS WILL HAVE FLOWER BEDS.

Notification has been received here at the local office of the N. C. & St. L. railroad that the grounds of passenger stations between Paducah and Memphis must be beautified. The road had a park here last summer but with this order the officials will make it more beautiful. Schmuna Brothers have the local contract and are now working on the improvement. The railroad company has a large hot house at Nashville the headquarters, where all the flowers are housed during the winter, and the grade of flowers improved.

WEATHER FORECAST.

Generally fair tonight with frost. Sunday increasing cloudiness. Highest temperature yesterday, 53; lowest today, 37.

In pursuance of this wish, he has also asked newspaper men to cease their visits to the white house at night.

RETAIL TRADE IS FEELING SPRING

Prices Up Again After Depression of Weeks 1.

Bank Clearings Show Gain of More Than \$100,000 Over Same Day Last Year.

GLASS PLANT PROGRESSING.

Bank clearings \$812,613
Same week last year 658,804
Increase 153,719

After a depression in all lines last week from the inclement weather, business this week has responded well to the favorable conditions. Retail trade again has taken on the spring volume and the wholesale trade is better. The wholesale houses selling principally in the small towns to stores that supply the farms, feel the effect of bad weather first and heaviest, as rain on the farm means complete cessation of work and largely therefore of consumption. The farmer doesn't get to town to take the goods off the dealers' shelves and the traveling man has a poor week. The clearings this week show an increase that indicates the conditions. Tobacco still is playing an important part in business.

Work on the glass plant is progressing rapidly, and it will probably be ready for operation the first of July.

START OUT TO SEE WORLD.

What Thy Saw Between Maxon and Paducah Satisfied.

Barefooted, shivering from cold and with only 43 cents capital, Jerdina Stone, a negro girl, 11 years old, left home at Maxon's Mill yesterday with Hunter Peyton, another negro girl 12 years old to see the world. They got as far as 45 Paducah. The girls refused to explain why they ran away when arrested last night by Patrolmen Billy Orr and Jack Sanders. They came in at 8 o'clock on the Cairo train and were recognized by a negro man who took charge of them. This morning a telephone message from parents at Maxon's Mill secured aid from the police, and soon the runaways were under arrest. At 9:30 o'clock this morning they were sent home.

MRS. MALLORY SUSTAINS PROBABLY FATAL BURNS

Word was received here today of the probably fatal burns received by Mrs. Pearl Mallory at her home near Cobb, Ky., last Thursday morning. Mrs. Mallory has visited here and has many acquaintances. She and her sister were around a fire, where a servant was making soap, when the flames caught her dress, and burned her so severely that recovery is improbable. Her sister fought the flames and was burned on the hands. Mrs. Mallory is a sister of Mrs. D. A. Amos, formerly of this city, but now a resident of Cobb.

HIGH SCHOOL BOYS CLEAR NEARLY \$100 ON MINSTREL

The High school boys in their minstrel made a great success both in point of attendance and financially. Yesterday after a matinee performance was given to the school children. The expenses of the entertainment were covered by the afternoon, leaving proceeds of the evening to the June issue of the "Shkodah." Although not definitely known yet the proceeds will be about \$100.

DIFFERENTIAL REMAINS SAME

American tobacco stemmeries were pleased with the information that the new British budget carries the same tariff on tobacco that obtained last year—72 cents on leaf and 73 cents on strips. The preceding year the differential was six cents and little stemming was done here, as the difference between the natural leaf tariff and the tariff on strips made the industry unprofitable. A cablegram received by W. A. Martin & company conveyed the good news. Paducah feels the benefit of the stemming industry.

Police Commissioners Are Defied And Mayoralty Fight Grows Warm

Resignation of Patrolman Albert Seuser Discloses Bitterness of Struggle Before The Democratic Primary

THE SITUATION IS INTERESTING.

As remarked by The Sun a few days ago the fight for the Democratic nomination centers around police headquarters and the storm broke yesterday, when Patrolman Albert Seuser, for four years one of the best policemen on the force, threw up his job, and declared he was tired of persecution for political sake.

Seuser is for Tom Harrison for mayor and for Joe Purchase for city father and he has no hesitancy in saying so.

The board of police and fire commissioners are for Reed for mayor and divided on the question of city father. Thereby hangs a tale. As told by Seuser, he was riding on a street car when a member of the board of police and fire commissioners approached him and asked about the state of his politics. He told the commissioner plainly.

"You may have all the fun you want now," commented the commissioner grimly. "But we'll get you before we are through with you."

Seuser's resignation came like a bomb shell to headquarters yesterday. He was closeted for a long while with Chief Collins after the missive was handed in.

"I am for Harrison," said Seuser, "and the commissioners were getting ready to discharge me. I have been humiliated all I desire. I was taken off the day watch and put on at midnight. I am one of the oldest men on the force in point of service, and that is the reward for long and faithful service."

Mayor Not a Party.

Mayor Yeiser and Seuser are friends and the resignation cut the mayor deeply. It is said when they met, Mayor Yeiser assured Seuser that he would not be discharged for anything less than breach of duty, and it is probable that the mayor would have seen to it, for more than once he has displayed his independence of the "city hall" influence notably in the appointment of E. H. Puryear as police judge to succeed the late Judge Sanders. His action almost precipitated a serious factional fight, as the police crowd were for Dave Cross to a man.

More trouble is looked for in the police force and the Democratic primary will find at least half the force in jeopardy; for it is believed the commissioners are demanding obedience in the matter of voting at a city primary, and Harrison claims 17 of the policemen.

In the fire department three resignations have been accepted in the last two weeks.

Citation Must Be Issued From Louisville Office

Through an error, the notice of the order citing Gus G. Singleton to appear in Louisville May 4, to answer to a charge of contempt of federal court, was issued from Federal Clerk Puryear's office in this city when it should have been issued from the Louisville clerk's office. Consequently the notice to be served on Mr. Singleton in Marshal Wade Brown's hands, has been withdrawn, but one from the Louisville office has been issued and will be served by Marshal Brown. Mr. Singleton as previously announced must appear in the federal court room at Louisville on the morning of May 4 to answer to the charge made in the petition by Trustee Boyd. This petition was drawn at the instance of Judge Durrelle, who was in the city with Judge Walter Evans last week. Two facts come to his ears and Attorney Durrelle ordered a citation against Mr. Singleton.

OWENSBORO QUIET DURING ELECTION

Every Vehicle in City in Use and Full Vote Will Be Pollled Before Night--Both Sides Are Confident

WOMEN AND CHILDREN PARADE.

Owensboro, Ky., April 20. (Special)—The local election is passing off quietly. There is not the slightest friction or disturbance. Everybody on both sides is in a pleasant humor. Both sides are confident. Some wets offer to bet two to one. The big feature today is a parade of women and children with banners from polling place to polling place, singing and praying. They are doing it in perfect good order and no effort is made to block the passage to the polling booths or to interfere in the slightest with voters. There are 700 or 800 in the parade. Every vehicle in the city, public and private, of every kind is being used to haul voters to the polls. The registered vote is 4,050, and most of it will be polled.

NEW SEATS LACK ROOM FOR BOOKS

The new seats that have arrived to seat the auditorium of the High school have created some discussion among the pupils of the school as to where they are to put their books. On the back of each seat is a pocket for the purpose of storing books, but it is far too small to contain all the books one pupil is required to have. Each pupil has at least four books in addition to tablet, pen, ink and

TOBACCO EXHIBIT OF PADUCAH MAN

Advertises Western Kentucky All Over World--W. B. Kennedy Has Taken Several Prizes at Expositions

HIS DISPLAY AT JAMESTOWN.

Mr. W. B. Kennedy the tobacco broker, shipped a fine exhibit of dark tobaccos to the Jamestown exposition today. Mr. Kennedy was awarded the second highest prize for his displays at the world's fair in St. Louis, and has great hopes of capturing the first at Jamestown. Louisville won the first prize at St. Louis, but the samples contributing to its exhibit were secured from the best tobaccos of Virginia, Tennessee and Kentucky, while Mr. Kennedy only sent samples of western Kentucky tobaccos. There are 25 samples of tobaccos in the exhibit sent to Jamestown, and all grades, English, in the good, medium and common, Australian, the best tobaccos raised around here, French, Italian, and Spanish. Mr. Kennedy and Paducah get a great deal of advertising from the exhibits Mr. Kennedy has made at the different fairs. "I was amply repaid for the expense and trouble of assembling my exhibits by the good advertising," Mr. Kennedy said today, "and it is surprising from what quarters of the globe I have heard I expect the Jamestown display to be as fruitful of good results."

other auxiliaries, but the pocket can not hold more than two books of ordinary size. One pupil remarked he thought they were for the envelopes when a collection was taken up. While the seats present a somewhat better appearance than the desks now in the auditorium, they will not furnish the accommodations for books.

ROB MAIL POUCH DURING TRANSFER

Nortonville Scene of Mysterious Series of Crimes

Letters Abstracted While Being Carried From L. & N. To I. C. Train Last Night.

BURGLARS BREAK IN WINDOW

Nortonville, Ky., April 20.—Home talent, it is believed, has accomplished its second mail pouch robbery, abstracting the contents of a transfer pouch from a Louisville & Nashville train to an Illinois Central train. Little of the contents were removed. Since January another similar robbery took place, and several articles have been missed around the station.

Barber Shop Is Robbed. Someone entered Lee Bell's barber shop, 125 Kentucky avenue, last night and stole a small savings bank, containing between \$3 and \$5. Entrance is supposed to have been gained by removing a pane of glass from a back window and unlocking it. Nothing further has been missed by the proprietor.

REAL ESTATE MARKET.

More Active Now Than in Recent Years—Building.

Paducah's real estate market is probably more active than it has ever been in the history of the city. All agents report great demands for property, which, of course, means good prices. One of the most prominent of the real estate agents today said that he has far more inquiries for property than he has property, and that has been the condition with him all spring. Values, too, are high, increases in some localities being as much as 25 per cent. The building trades are active, and there are more substantial improvements and construction under way than in any previous year for some time.

FALLS WHILE PLAYING AND BREAKS HER ARM

Miss Inez Ayres, who lives with her grandmother, Mrs. L. L. Boswell, 423 North Fifth street, while playing with other children at Mrs. William Hughes, 1627 West Jefferson street, fell and fractured her right arm last night. Dr. Frank Boyd reduced the fracture, which was in the same place as a former fracture.

Opal Tyree, eight years old, daughter of Mr. Neil Tyree, of 2004 Bridge street, fell last evening while playing in the yard and broke her right arm below the elbow. Dr. Carl M. Sears dressed the injury.

RELIGIOUS PAPER AGENT ARRESTED AT SMITHLAND

The Rev. Hickma, alias Hicks, is under arrest in Smithland on the charge of obtaining money by false pretenses, having been indicted by the grand jury, which adjourned this week. He was supposed to be agent for the Western Recorder and was collecting money for it. He was caught near Golconda by Sheriff W. D. Bishop, while holding a meeting.

WOMEN ATTACK BRUTE WHO ABUSED HIS WIFE

London, O., April 20.—Sixteen women beat George Ward, a farmer, until tattered, bruised and exhausted, he was removed to his home in a serious condition. Ward was charged with cruelty to his wife, who died of consumption, and was hauled yesterday. He was attacked while returning from the funeral.

ASSAULTED LITTLE CHILD AND MOB SEEKS HIS LIFE

Lima, O., April 20.—George Myers, charged with outraging a four-year-old child, landed in jail today only after officers had eluded an enraged mob bent on lynching Myers. The military will guard the jail tonight, as mob violence is feared.

Mans for New Home.

Mr. A. L. Lassiter, the architect, returned today at noon from Fulton, where he went to submit plans for a residence to be built by Mr. Smith Fields. The home will be a handsome frame structure on the colonial style and the cost will be between \$6,000 and \$7,000.

S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. Special look on Skin Diseases and any medical advice free.

SCORES OF THE BIG LEAGUES

This afternoon the local High school baseball team is playing the High school team of Metropolis at that place. The trip down was made in the launch of Superintendent C. M. Lieb and they will return this evening. Fisher and Gallagher will be the battery for the local team, and the other boys lineup as follows: Yelzer, 1b; Katterjohn, 2b; Elliott, 3b; Bagby, ss; Halley, Cave, Epperhimer and Burton, fielders.

Next Saturday the Metropolis team will play a return game here and on May 4 it is thought the local boys will have a game here with a team from Mayfield. Heretofore the receipts at the school have not been over the expenses of the game, but the boys expect to clear something over the games this year because of no professional team being here. The new suits have not arrived, but they are expected any day now.

The Sunday Game.

With a greatly strengthened team Manager Trail, of the Culley baseball team, expects to win from the St. Louis "Washingtons" tomorrow at Wallace park. The St. Louis team is one of the strongest semi-professional teams in St. Louis, and has a record held by few city league teams. The visitors will arrive Sunday morning from St. Louis and the game will start at 3 o'clock sharp.

Following is the line-up of both teams:

THEATRICAL NOTES

AT THE KENTUCKY.

Tonight, "Cinderella."
Monday night and balance of the week with matinees on Wednesday and Saturday, The Blunkall-Atwood Company, Ladies free Monday night, usual conditions.

"Cinderella" Tonight.

A Chattanooga exchange has the following to say of "Cinderella," which comes to The Kentucky theater tonight.

Y. C. Alley Musical Comedy company presented Cinderella to two packed houses at the New Opera House yesterday; the matinee was one of the largest ever seen in Chattanooga. The night house was somewhat unusual for Saturday night. When the curtain went up there wasn't an available seat to be had and the S. R. O. sign was displayed early at box office. The attraction was one well known to the public, but produced in a manner that not alone gave credit to the actors and actresses, but to the management as well. Each one acquitted themselves admirably. The costumes were beautiful and the scenic and electrical effects were marvelous—pretty women handsomely gowned, strains of sweet music held the audience spellbound and one really imagined himself in wonderland. The grand ball room, the beautiful wood, the Baron's kitchen, the golden chariot, the beautifully illuminated popple field, and the enchanted fireplace were among the scenes shown. One scene or act is certainly devoted to specialties alone. During the action of the play, twenty or more musical numbers are rendered.

Stock Next Week.

An exchange from Jackson, Tenn., has the following to say of The Blunkall-Atwood Stock company, which opens an engagement here on Monday night with matinees on Wednesday and Saturday.

The Blunkall-Atwood company presented "Young Mrs. Winthrop" to a good sized audience at the Marlowe theater last evening.

The play deals with the life of a young married couple who have drifted apart through indifference on the husband's side, and are finally reunited at the death of their child and the good offices of the old attorney who has been a friend of both the wife's and husband's families for many years. As "Young Mrs. Winthrop," Miss Anna Kilduff has played her very best part of the week. She has a dear musical voice and possesses a magnificent stage presence together with ability to read effectively the author's conception of the lines in his play.

Miss Lillian Atwood had a light comedy role in Mrs. Dick Chetwyne and by her superior talent kept life in an otherwise heavy play. Wherever Miss Atwood is cast she is always artistic.

Mr. Edwin Blunkall appeared as Douglas Winthrop, the husband, a very agreeable part and well played, but hardly strong enough for an actor with Mr. Blunkall's talent.

Mr. Will Thebus, as Buxton Scott, the good-hearted old lawyer who is responsible for the reconciliation of the young couple, played his part in a manner that elicited much favorable comment.

Didn't Wear Hats.

A remarkable incident occurred at a wedding at Scarborough yesterday. When the bridesmaids reached the entrance of St. Mary's Parish church they were informed that they could not enter, as they were not wearing hats, but only wreaths of Marguerites.

The girls were naturally greatly disappointed, but they got over the difficulty by placing their handkerchiefs on their heads and the Marguerites over their handkerchiefs.

Then the bridesmaids were allowed in the church and the ceremony proceeded.

One of the rules enforced at this church is that women shall not enter bareheaded and the vicar never makes an exception to the rule.—London Express.

First—Because it irons smoothly, not rough.
Second—The button holes or stud holes match.
Third—Negligee shirts with buttons are ironed perfectly and without injury.
Fourth—It irons either stiff or plaited bosoms like now, and the "hump" so often seen is missing.

THE SMILERS.

Wrenthe a wreath of roses
For a crown upon the head
Of the smilers, smiling ever
As life's little paths they tread.
A wreath of regal ivy,
A crown to crown them sweet,
Who go the road with smiling,
And go with dancing feet!

The fanfare of the trumpets,
The banners of the light,
For those who greet us smiling,
Who make the wayside bright—
Wreath round their way the roses,
Make festals to beguile
The leisure of the smilers,
Who light the world with smile!

Aye, crown them as the victors,
And cheer them as the blest,
Who laugh away life's troubles,
With brave hearts in their breast;
Who go with kindly mission,
Who wear with kindly grace
The heart's sweet sign of glory—
A smile upon the face!

Miss Atkins and Mr. Graham to marry May 1.

Mr and Mrs. Edward L. Atkins announce the engagement and approaching marriage of their daughter Elizabeth Adelaide to Mr. David H. Graham. The wedding will take place Wednesday, May 1, at 9:30 o'clock in the evening at the First Baptist church. The Rev. Calvin M. Thompson will perform the ceremony. There will be no attendance, and no invitations will be issued in the city.

Miss Atkins is one of the prettiest of the younger girls of the city. She finished school in Washington City last year and is a debutante of this season. Of more than usual charm of personality, winning in manner, and gifted mentally, she has a large circle of friends. She is a granddaughter of Mr. Thomas J. Atkins and Judge W. D. Greer, two of Paducah's most prominent citizens.

Mr. Graham is a son of the Rev. L. G. Graham, pastor of the Second Baptist church of Paducah. He has been connected for some time with the W. H. J. Gilbert drug store at Broadway and Fourth street, and is a young man of good business qualities and is popular socially.

After a wedding trip south, the couple will make their home for the summer at "White Haven," the handsome country place of Mr. and Mrs. Edward L. Atkins in Arcadia.

Mrs. Victor Voris entertained six

Wedding of Interest Here.

Miss Florence Marcus, daughter of Mr. and Mrs. William Marcus, 2240 Eastway Place, Baltimore, Md., and Elbridge Palmer Bernheim, of Louisville, were married in Baltimore Tuesday at 6 o'clock at the home of the bride.

The ceremony was performed by the Rev. Dr. William Rosenau. The best man was Dr. Bertram M. Bernheim, of Louisville, brother of the groom. The maid of honor was Miss Carrie Helen Langfeld.

The bride, who was given away by her father, wore a white gown of lace over chiffon and taffeta, a white veil and carried orchids. The maid of honor wore a gown of chiffon cloth over pink and carried bride roses. The bride and groom left for a trip through the north. They will reach Louisville about May 15, and will reside here. Mr. Bernheim is a son of I. W. Bernheim, the well-known distiller.—Louisville Evening Post.

Mr. Bernheim's family formerly lived in Paducah and he was named for the late Elbridge Palmer of this city. He is a nephew of Mrs. Herman Wallerstein and Mrs. Jacob Wallerstein, of Paducah.

Miss Whitefield Sponsor for Paducah Veterans.

Miss Kathleen Gwathmey Whitefield has been selected as sponsor for the James T. Walbert camp, U. C. V., to attend the Confederate Veterans' reunion at Richmond, Va., May 30-June 3. The selection is an especially appropriate one as Miss Whitefield is not only a gracious girl and fine type of southern womanhood who will do much honor to the position, but she is the daughter of Mr. W. G. Whitefield, who as first sergeant in company D, Thirty-fifth Ala-

bama, performed some feats of the war, and on her mother's side is descended from the famous Clark family, of Virginia, of which Geo. Rogers Clark was a distinguished pioneer to this region, and, also, from the Gwathmeys of Virginia, a prominent southern family.

Colonel Bennett H. Young, commander of the Kentucky division desires that all the camps should be represented with sponsors, as a feature of the Veterans' parade will be a float on which will be seated 30 attractive Kentucky young women from the different camps of the states with the following happy inscription: "Kentucky brings this exhibit to show Virginia that her descendants are still A. 1."

With Miss Whitefield and Miss Ethel Brooks, who is sponsor for the Kentucky division of Forrest's cavalry, Paducah will be most charmingly represented in the float.

Mrs. Herbert W. Mengel.

The last open meeting for this season of the Woman's club was held on Thursday afternoon and was especially brilliant and interesting. It was under the auspices of the education department of the club of which Mrs. Henry C. Overby is the chairman. To introduce and outline the work this department is planning, Mrs. Herbert W. Mengel, of Louisville, chairman of the education committee of the Kentucky Federation of Women's clubs, was invited to make an address. Mrs. Mengel quite captivated her audience, which taxed the capacity of the parish house of Grace Episcopal church, and included a number of city officials and mere men, besides the club women. She presented the subject of education—or lack of it—in Kentucky in a forcible and thought-compelling way. The charms of her personality, agreeable voice and gracious womanliness of manner served to heighten the effect of her very strong talk. She was introduced very gracefully by Mrs. Henry Overby. The platform was prettily arranged with palms, and branches of dogwood blossoms made an effective background for the very attractive speaker.

An informal reception was held after the close and many met Mrs. Mengel. She was a guest while here of Mrs. Muscoe Burnett, vice president of the club. Mrs. Burnett gave a beautiful and informal little luncheon of eight covers on Thursday for Mrs. Mengel.

Silhouette Soiree.

The Silhouette party given last evening in the Epworth League parlors of the Broadway Methodist church was a most enjoyable occasion. Some 25 Silhouettes of local people among them that of Mayor Yelver, were hung about the rooms for a guessing contest. Miss Kathleen Garrow carried off first honors and Mrs. Vernon Bythe the second. Some of the likenesses were very strong, others especially amusing. Candy was made in chaffing dishes and served during the evening. About 50 young people were present.

Matinee Musical Club.

The Matinee Musical club's invitation meeting on Wednesday afternoon at the parish house of Grace Episcopal church, was quite one of the delightful affairs of the club season and was a largely attended event. Mrs. George B. Hart and Miss Mamie Dryfuss were the leaders for the afternoon. A Dudley Buck and E. Nevin program was attractively carried out with piano, violin and vocal selections by: Mrs. James Wells, Mrs. William Clark, Mrs. Will Gray, Mrs. George B. Hart, Misses Maybelle Beyer, Mary Bondurant, Anne Bradshaw, Mamie Dryfuss, Lula Reed, Conrtle Puryear, Caroline Ham, Isabel Mohan; Messrs. Scott, Dagby, and Robert D. MacMillen. The biographical sketches were presented by Miss Jennie Gilson and

Scott; Bazan, by Mrs. George C. Wallace; Echegaray, by Miss Kathleen Whitefield.

Katosophic Club.

At the meeting of the Katosophic club on Friday morning, Current Topics was given by Miss Lula Reed. The "Spiritual Teachings and Dramatic Compositions of Robert Browning" was discussed by Mrs. John W. Scott in an able paper, which was read by Miss Hattie Hiley in Mrs. Scott's absence in St. Louis. Miss Marjorie Scott gave very interestingly a resume of Browning's charming "Pippa Passes."

Weddings.

Miss Myrtle Burch and Mr. Joseph Wirth will be married on Tuesday afternoon at 3 o'clock at the St. Francis de Sales Catholic church. The Reverend Father H. W. Jansen will perform the ceremony. They are popular young people of the South Side, whose wedding bans were published several weeks ago.

The wedding of Miss Mary Halleene Yancy and Mr. Richard Allen Williams was solemnized on Wednesday morning at "Hendrons" the home of the bride's parents on the Mayfield road. It was a pretty home wedding. The Rev. S. B. Moore of the 1st Christian church performed the ceremony. After a wedding breakfast the couple left for Chicago and Milwaukee and will be at home in Paducah after May 1st.

Miss Mae Eleanor Vandevelde and Mr. William B. Acker of this city were quietly married in Cairo on Wednesday afternoon at the Halliday House. They were accompanied to Cairo by Miss Rosa Walker and Mr. Andrew Weatherington. After a wedding trip to St. Louis, they will return to Paducah to reside.

Mr. Luther Long of this city and Miss Ruth Brandon of Dover, Tenn., were married in Memphis on Tuesday evening by the Rev. J. D. Flemming. They came to Paducah immediately after the ceremony.

The marriage of Miss Bertie Clark and Mr. Joseph Mattison, Jr., took place on Thursday evening at the home of the bride's mother on Clark

Shoe Sense

Some people seem to think it makes no particular difference where they get their shoes; that all shoe stores are about alike and that it is about the same thing everywhere.

These people are laboring under a great hallucination of the mind, for there is fully as much difference in shoe stores as there are in the people who wear shoes.

We've shoes for men, women and children of certain styles and special make that cannot be found in other stores, at any price. In short, we mean better shoes than you can find elsewhere.

Of course there is a great similarity in prices in all shoe stores, when you read of them in advertisements, for anybody can quote prices, but when it comes to the shoe they are, "oh," so different.

Come in and let us show you our spring lines.

Daily Thought.

"Will not tomorrow have its load
of work? Is it safe then to weigh it
down with the tasks that rightfully
belong today?"

LOOK OUT FOR MAYFIELD.

Mayfield, our next door neighbor,
like the wild virgin she is, has her
lamps trimmed and burning, and is
getting ready when the census man
cometh. She will not be asleep; for
Mayfield confidently asserts that she
will have ten thousand population in
1910. How would it look for little
Mayfield, on a railroad in the midst
of western Kentucky, to show, not
only a larger per cent. of growth, but
a straight out, man for man, bigger
increase in population than Paducah,
the only city in western Kentucky,
and located on three rivers, at that?
It is unthinkable, but that is just ex-
actly what will happen if this city
does not emulate Mayfield's example
and extend the corporation line.
Nearly 2,000 more people and thou-
sands of dollars worth of property
may be annexed, if we make haste
and extend the corporation line west-
ward even with its furthestmost pro-
jection to the natural boundary line.
There is sufficient population to war-
rant urban improvements now, and
all the growth is in that direc-
tion. More than a mile from the
present city limits a company is lay-
ing out a suburb, to have paved
streets, sewers and all modern con-
veniences. Consider how that will fa-
cilitate the development of the terri-
tory lying between Paducah and
the Heights. This is 1907, and well
along in 1907, too. Complications al-
ways beset the path of progress in
municipal extension. Two years will
not allow us time to loiter, if we

would have that district figure in our
next census, Paducah will have to
abide by the 1905 figures for ten
years and extension of the limits af-
ter that year will avail us nothing in
the eyes of the world. Let us not per-
mit Mayfield to get ahead of us.

In the speech of Secretary Root ex-
clusively published in The Sun yes-
terday, there are points that should
have been clear to every citizen in
the San Francisco incident. As the
secretary said, the only question in-
volved was one of the construction of
the Japanese treaty, whether the ac-
tion of the San Francisco school
board, compelling Japanese children
to attend the oriental school was a
violation of the clause, providing
that Japs residing in America should
have every privilege enjoyed by the
citizens of all other foreign nations.
That a treaty of the United States
entered into by the president and
ratified by the senate is the empreme
law of the land, the constitution it-
self says; and that all state and cit-
ies must abide by the terms of a
treaty in all matters properly sub-
ject of treaty follows as a matter of
course. There is nothing in the Ja-
panese treaty traversing the local
rights of the people of California.
The treaty does not compel San
Francisco to provide schools for Ja-
panese children, nor does it compel
her to maintain schools at all. It only
prohibits San Francisco from dis-
criminating against citizens of a for-
eign country with which the United
States is on friendly terms. We
sometimes in our state pride forget
that we are citizens of the United
States as much as we are of our
home state and that the first is a
higher estate.

While Washington correspondents
are guessing at the name of Yerkes'
successor as commissioner of inter-
national revenue, we doubt if the admi-
nistration has turned its eyes away
from Kentucky. Aside from the fact
that the office was already in the
state, the very nature of the duties
gives Kentucky the preference. By
far the largest amount of business
of this office, spirits and tobacco,
comes from Kentucky. There are just
as good and capable men in the old
commonwealth as in any other state,
and the men here understand the
duties, perhaps, better than would
a man from some other state. Ken-

Stomach Muscles
in Old Age

People should be more and more care-
ful, as age advances, to see that their
bowels move regularly. In this way they
can keep themselves in good health and
prolong life. The bowels are not as ac-
tive in middle-life and old age as they
are in youth, and with the majority there
is a tendency to constipation of a chronic
and obstinate nature.

To ward off the possibility of serious
diseases use Dr. Caldwell's Syrup Pepsin,
the great herb laxative compound.
It is especially suited to the use of elderly
people because it is prompt but gentle in action,
and does its work without grating or weakening,
as is the case with salts, purgative waters and
calomel tablets. These should not be used by
children, women, old folk or weak people be-
cause they are too violent in action and generally
grip. Furthermore, the results are temporary
as reaction sets in and the bowels are bound up
more than ever.

A remedy like Dr. Caldwell's Syrup Pepsin is
very gentle in action and yet thoroughly effec-
tive, and as it contains tonic properties, it
strengthens the system instead of weakening it.
The results are permanent because gradual, and
many can in a short time do away with the use
of all laxatives. It will cure the most chronic
constipation, dyspepsia, liver trouble, bilious-
ness, flatulency, sour stomach, weak stomach,
bloating, drowsiness after eating and such other
stomach, liver and bowel troubles.

To prove how effective it is in serious cases
the experience of Mr. Armstrong, of Decatur,
Ill., can be cited. He suffered from a gunshot
wound of the liver which caused a partial
paralysis of the bowels and he has had ever
since to use a laxative. He says he never found
anything so effective, or which worked so near
to nature, as Dr. Caldwell's Syrup Pepsin. Try
as remedy will say the same. The price is 50
cents or \$1 a bottle at any drugist.

well's Syrup Pepsin before buy-

HEALTH AND HAPPINESS.

"Life consists not in living, but in
enjoying health."

We could all enjoy health if we
conformed to Nature's simple laws.
Disease is merely a result of the non-
observance of those laws, either by
negligence, accident or ignorance.
These reasons are, as a rule, of lit-
tle consequence after disease be-
comes manifest and properly diag-
nosed. It is the nature of the treat-
ment and the results obtained that
concern you.

Nature is the ever present factor
in the cure of disease. The Osteo-
path appreciates this fact, and uses
all means that are natural, recog-
nizing and using diet, air, water, ex-
ercise and other hygienic measures
as natural assistants to scientific ma-
nipulations to secure normality to
any and all structure disturbances.

I should be pleased to refer you, at
any time, to Paducah people you
know well who can attest to what
Osteopathy has done for them in
cases of rheumatism, asthma, neural-
gia, nervousness, stomach, liver, and
bowel troubles, eczema, sick head-
aches, la grippe conditions, malaria,
umbago, disturbed blood conditions.

If you are ill you owe it to your-
self to investigate Osteopathy.

BILLS AT AMERICAN MACHINERY

Bill in British House of Commons Aimed at Patent Rights.

London, April 20.—The patent and designs bill introduced in the house of commons yesterday by the president of the board of trade, Mr. Lloyd George, and which subsequently passed its second reading, is of particular interest to American manufacturers of machinery largely used in British factories, who having secured patent rights in Great Britain continue to supply British factories with machines made in America.

The measure is designed to compel these manufacturers to make in Great Britain the machines which they sell or lease here.

The bill, which is supported by both political parties, will eventually become a law, but whether it will be effective in enforcing its object is questioned in some quarters, and those favoring it are agitating for more stringent regulations.

INHERITANCE TAX BILL KILLED

Senate Defeats Measure Affecting the Treasurer of Cook County.

Springfield, Ill., April 20.—Senator Humphrey's bill requiring the county treasurer of Cook county to pay into the county treasury the 2 per cent fee on inheritance taxes, as provided by the constitution, and which in the past has been retained by the county treasurer, failed to pass in the senate today, the vote being 14 to 20.

Senator Humphrey gave notice of a reconsideration of the vote, and asked that the matter be made a special order for next Thursday, which was done.

Senator Ertleson opposed the bill as unfair, unjust and class legislation. The treasurer, he said, should have the 2 per cent, and if not entitled to it, a broad-law applicable to treasurers of all counties should be enacted.

Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and eagerly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It cures women suffering from "female weakness," prolapsus uteri, retroversion, ankyrosis, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdomen, or pelvic region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which some people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments; and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve-wracking "Favorite Prescription" is unequalled.

"Scoundrel!" hissed the head grafter to the pal who had betrayed him. "You didn't stay bought!" "Excuse me," responded the other meekly. "I was not bought. That

TWENTY MILLION STARVING PEASANTS AT LAST RESORT.

Horrible Condition in Famine District, When Coming Harvest Means Nothing.

London, April 20.—Writing from the Russian famine districts, Dr. Kennard, who was sent by the Society of Friends to investigate the conditions among the peasantry, draws an appalling picture of suffering. After calling attention to urgent and immediate need of funds he says:

"This is the worst famine Russia has known. No less than 20,000,000 people distributed through the southern provinces cannot live, without aid, to see another harvest, and I may say that this figure has been not only approved by the Zemstvo organization, but also by the government itself.

"Funds will be needed to the end of July to feed all these millions and then the harvest will bring relief for they have neither land nor cattle.

Girls Sell Seives For Food. "These people have sold their all and in most cases have likewise sold in advance all that the harvest might bring them. They have sold themselves and their work and from all over the southeastern provinces reports are coming of young women and girls forced to prostitute themselves to obtain food.

For those suffering people to whom the coming harvest means nothing, relief must be afforded during the whole of the coming year. Meanwhile epidemics of disease add to the terrible conditions."

The A. J. Beardsley arrived today to go on the ways for repairs.

The Harth left this morning for Caseyville after coal for the West Kentucky Coal company, that company having chartered the Harth again.

The John Hopkins will arrive late this afternoon from Evansville. The Joe Fowler again has met with a shaft accident a telegram received yesterday, saying that the shaft was broken while the boat was at Uniontown, 50 miles below Evansville.

The Joe Wheeler will arrive from Chattanooga Sunday night or Monday.

The Echo, a familiar little gasoline boat around the harbor all winter, left with the Cape Girardeau and Alton Eagle yesterday for St. Louis. A novel feature of the Alton Eagle is the octagon-shaped pilot house. It presents a pretty appearance but is not as roomy as the conventional square pilot house.

The Kentucky is lying at the wharf receiving freight for the Tennessee river trip, leaving this evening at 6 o'clock.

The Buttrick will arrive Sunday night or Monday morning from Nashville provided rousters do not hold the boat out of the Clarksville trip as was the case this week.

The Georgia Lee will arrive this afternoon or tonight from Cincinnati bound south for Memphis.

COMMONWEALTH LIFE INS. CO.,
Louisville, Ky.

Gentlemen: I received today through your Superintendent of the Ashland District, Mr. C. H. Wilson, \$250 in full settlement of the two policies No. 28243 and No. 32223 for \$100 each, which I carried on the life of my son, Virgil Fanning, who was instantly killed April 10th. I desire to thank you for your promptness in settling the above claims and also desire to say that although policy No. 28243, dated Dec 17, 1906, has been in force not quite four months and policy No. 32223, dated March 4, 1907, has been in force a little over one month, your company has paid me in full \$200, whereas any other company doing the same kind of business in this state would have paid me only one-half, or \$50 on each policy.

The provision by which your policy is placed in FULL IMMEDIATE BENEFIT is one of the most liberal and is not in the policies of other companies, and this provision should be considered by all those desiring Industrial Insurance.

Again thanking you for your courtesy and promptness in the matter and assuring you that I shall say a good word for the COMMONWEALTH, whenever possible, as it is deserving of all the recommendation that can be given it. Very truly yours,

Paducah Boy Tells of Experiences In Navy During Russo-Japanese War

Like the breath from the battlefields and naval combats of the Russo-Japanese war, is the letter received by Dr. M. Steinfeld from W. A. Derrington, a McCracken county boy in the United States navy aboard the cruiser Cincinnati. Derrington has been in the navy two years and four months and his ship, the Cincinnati, was in the far east throughout the war. The Cincinnati was the first foreign battleship to enter a Japanese port after peace was declared and many narrow escapes from being mistaken for the enemy's ships were experienced by the Cincinnati. One dark night when the Japs were expecting the long looked for Russian fleet from the Mediterranean sea, the Cincinnati was scouting and several Jap battleships gave chase to it. Undoubtedly nothing could have saved the Cincinnati from being sunk but the ingenuity of an officer who had the American flag hoisted on the fore mast and then turned all the ship's searchlights on the flag, thus showing the identity of the vessel to the Japanese. On another scouting expedition the Cincinnati got in the wake of three ships and gave chase to them. Finally overtaking them they were discovered to be three crippled Russian battleships fleeing from the fatal naval battle when Admiral Rojestvensky was annihilated. They were escorted to Manila. While on shore leave Derrington visited the relic display of the Japanese army at Tokio. Here he saw ten acres of ground covered with rifles captured from the Russians, all of the finest kind. Thousands of commissary wagons, fowls and field pieces also were displayed, showing the triumph of the Japanese arms. He says the Japanese lost more heavily than was ever known in the war, but that their naturally reticent disposition hid it better than the Russians, and that even now the Japanese talk little of war. He likes the Japanese better than any oriental people he saw, and says that they in turn like Americans better than any foreign nationality. Describing the life of the sailor he told of the betting that goes on among them whenever any kind of games or sporting contests are on. While in Shanghai, China, the Cincinnati raced with the Italian ship Marco Polo and lost. He said their men and the natives, who he saw on the Cincinnati, lost \$10,000 on that race. For the sailor with morals, Derrington said shore leave was uninteresting as immoral resorts were about the only amusement places in the east. Manila he said was an unusually bad port. Derrington has a little over a year to serve on his term, after which he expects to return to see his friends, but he likes the navy.

Five Thousand People Arrive Daily Through Ellis Island, New York City

New York.—Five thousand persons are arriving here every day in the week at Ellis Island, and the battery landing presents a scene that is not to be matched anywhere else in the world for varying human emotions and behavior. The proportion of women among these arrivals is noticeably small, but for every woman arriving there is usually a small array of relatives or friends to meet her.

It is from these groups of women that some idea of the transformation America brings about may be gathered. The new arrivals are generally without hats and gay colored and tight fitting waists, and short, full skirts of a different hue usually constitute their costume or shawl about the shoulders.

Elegance of Dress Amazes. Those who meet them may not have been in the country more than a few months, but their clothes are "American fashion"—huge befeathered hats short sleeved waists and coats, hair done in the inevitable pompadour with many glittering combs, and, as a final touch of elegance soiled white gloves.

The newcomers gaze at this array of unheard of elegance in envious amazement, oblivious for the time of all else; the new country, the new life all reduced to the overwhelming realization that some day such clothes may be theirs. It is only when guided toward the steps of the elevated or subway, when fear of such strange means of travel asserts, that they come back from their dream of clothes to practical affairs.

Safeguards for Young Women. For girls who come to America alone, without friends to meet them, there are many safeguards. At Ellis Island there are about fifty missionaries in constant attendance representatives of societies that maintain homes for immigrants. One of the oldest of these is Immigrant Girls' home, which has been in existence for about twenty years under the direction of the Women's Home Mission

and women arrive in the greatest number and then the pleasant home facing Battery park is filled to overflowing. The house accommodates only twenty-five comfortably, but in the busy months there is always room for one more, and the average arrivals are about 100 a month. The home is nonsectarian, and the matron Mrs. Michel, succeeds to an unusual degree in maintaining the atmosphere of a real home. At the present time a preponderance of Finnish, Danish, and Swedish girls are arriving, and they are intelligent, neatly dressed, and ambitious. Most of them cannot speak a word of English, but they are quick to understand by means of a sign language that has been evolved by long practice.

NEMO CORSETS

THE "NEMO SELF-REDUCING IDEA" was invented by us nine years ago. It was embodied in the original Self-Reducing Corset, of which 2,000,000 pairs were sold in eight years. About a year ago we added four new patented features

THE IMPROVED SELF-REDUCING STRAP THE RELIEF STRAP, THE GRADUATED FRONT STEEL, THE DOUBLE GARTER ATTACHMENT

each one adding, in its particular way, to the perfect result obtained by the New Nemo Self-Reducing Corset.

Celebrated physicians recommend the Nemo Self-Reducing Corset for women who are physically weak. It is considered a most effective substitute for abdominal bands, as it gives better support without being bulky.
